

One-Time Lawn Watering Credit

This form serves as a formal request for a one-time sewer credit for lawn watering when establishing a new lawn. Property owners must provide the billing month for which the credit is being requested. Western Butler County Authority will review the water usage, and the credit will be limited to 50% of the total sewer bill for the billing period identified below. Credit requests must be submitted for the current year only.

Please fully complete all fields so that we can adjust the service charges accordingly.

Additional comments:	

****By signing below, I acknowledge that this is a **one-time only** credit for seeding a new lawn at the time of initial build-out. I further acknowledge that this will be a credit to my account and shall not be issued as a cash refund. It does not apply to routine lawn watering, landscape maintenance, sod replacement, reseeding of existing lawns, swimming pool filling, pressure washing, or any other non-sanitary water usage.**
